If you love flowers and want to learn to arrange them and want some basic tips, learn with me in the comfort of your own home. Individual & small groups.

If you love flowers as much as I do, want to learn to arrange them and want some basic tips, learn with me in the comfort of your own home. Individual & small groups. (I am a qualified teacher for the past 30 years and have qualifications in floristry). I would be happy to work with children as well as adults.

You can learn how to construct a table centre using flowers, foliage, candles and other exciting materials.

I can help source some of the materials and give you tips on where/what to purchase.

Learn what to do with flowers to keep them longer and to enjoy them for a little more time, keeping them happy!

Think about all the different shapes and sizes of containers you can use.

Creating amazing end products that you will be proud to call your own.
